I have been a resident of Albany for 40 years and feel that my years of experience in the Mid Willamette Valley gives me a good insight as to what it is that people are looking for when it comes to Real Estate. Whether buying or selling a home anywhere in the Linn County, Benton County, Marion County or Polk County, my goal is to provide you with the most positive experience possible.

"Standing Up for what's right is my priority! Treating you the way I would want to be treated, honestly & fairly is one of my TOP priorities. Give me a call... You'll be glad you did!" -Pat

Having been born & raised here in the Willamette Valley & graduated from West Albany High School in 1996, I feel this provides Team Pendley & our clients with an advantage with more than 30 years of local knowledge & experience in our community. Having been active in many local sports organizations including Albany Little League, as well as both my parents being local business owners in both Linn & Benton Counties for more than 15 years contributes immensely to how deep our roots are here in the beautiful Mid Willamette Valley!

"I am excited to a broker at RE/MAX Integrity in Albany. Helping clients find the best solution that fits is extremely rewarding! I absolutely love being a Realtor!" -Christie
